#### JAPANESE NEWSPAPERS SUPPORT ULTIMATUM.

TOKIO, Japan, Aug. 17.—The Japanese newspapers strongly support the ultimatum issued by Japan to Germany directing the latter to withdraw her forces from the Pacific.

LONDON, England, Aug. 17.—The military censorship on all war news is extraordinarily effective. No general naval or military movements have been reported for three days past. Lord Kitchener requiring the newspapers to publish only what is given out by the government press bureau has resulted in a dearth of news from the scene of actual fighting.

#### TEXT OF ULTIMATUM.

"Considering that it is highly important and necessary to take measures to remove the cause of disturbances in the far east and to safeguard the general interests as contemplated under the Anglo-Japanese alliance and in order to secure the enduring peace of Asia it is believed to be the duty of the Japanese government to advise Germany to at once carry out the three following propositions:

"First—The immediate withdrawal or disarmament of all German warships in Chinese or Japanese waters.

"Second—The delivery of Kiau Chau not later than September 15 next to the Japanese government, with a view of eventual restoration of the place to China by the Japanese government.

"Third—If these terms are not unconditionally accepted by Germany by August 23 next, Japan will be compelled to take such action as she may deem necessary to meet the situation."

The inspired utterances of Premier Okuma express regret at the inability to maintain neutrality in the far east, but he says that England, who is Japan's ally, has been compelled to defend herself against Germany's aggression.

The premier of Japan points out that Germany is now engaged in storing provisions at Kiau Chau and is interfering with eastern Asiatic commerce.

### COAST ATTORNEY TO TAKE CHARGE McCARN'S OFFICE?

An Associated Press dispatch this morning on the case of U. S. District Attorney Jeff McCarn, followed shortly afterward by local developments, indicates that pending the trial of Mr. McCarn on the federal and territorial indictments standing against him, he will be relieved of office here.

Whether he will in any event resume the duties of U. S. attorney for this district is not stated, but today's developments are regarded as rather unfavorable to the district attorney.

Shortly before noon today the Star-Bulletin received the following Associated Press dispatch by wireless:

"M. A. Thomas, first United States attorney here, appointment replace McCarn next sixty days. Sails tomorrow."

The text of the message above is somewhat ambiguous. It may be read that Mr. Thomas will receive appointment in the next 60 days to replace McCarn. Or it may be read that Thomas is relieving McCarn for 60 days.

Alex Lindsay, former territorial attorney-general, and the man designated as special assistant to the U. S. attorney-general for the presentation of the federal charge against McCarn to the federal grand jury, is able to throw some light on the matter.

On Friday evening Mr. Lindsay received the following cablegram from the attorney-general:

"Can you accept designation special assistant to take charge of office of district attorney until conclusion of cases against McCarn? Expected concluded speedily."

To this Mr. Lindsay responded that his business engagements were such that he must know what his compensation would be, naming a figure which he would accept.

In the light of this cable correspondence Mr. Lindsay does not believe that the sending of Mr. Thomas to Honolulu means that Mr. McCarn has been put out of office. He judges that the special assistant will be sent to conduct the cases and then the attorney-general's department will act as seems best.

Attorney Lindsay's statement, received after the noon extra of the Star-Bulletin appeared on the street containing the dispatch from San Francisco, indicates that Mr. Thomas is coming to Hawaii to take direct charge of the United States attorney's office here until after the trial of Mr. McCarn on the two indictments against him.

One of these indictments was brought by the territorial grand jury and the other by the federal grand jury and both are still pending.

The measure now extends American registry to all foreign-built ships. It is believed the president will sign it.

### Judge Ashford's First Act Is To Let Out Many Veteran Court Employees

Circuit Judge C. W. Ashford's first official act this afternoon, after causing the words of his oath of office to be spread upon the record of the court, was to accept the resignations of all save one of the court employees who depend upon the first judge for their positions, and to request that the remaining employee, who was not present in court, be notified that his resignation should be tendered.

The move discharged from their jobs seven court attaches, of whom four are interpreters for all three divisions of the first circuit and two are clerks in Judge Ashford's division. The resignations were handed in at Judge Ashford's suggestion this morning, after he had taken the oath of office in the supreme court.

The men affected are Job Batchelor, chief clerk of the first division; Charles A. K. Hopkins, assistant clerk of the first division; James L. Horner, stenographic court reporter; Chester A. Doyle, Japanese interpreter; and F. W. Beckley, official Hawaiian interpreter. Charles L. Hopkins, also Hawaiian interpreter, was out of town.

formed that his resignation is desired and will be accepted.

All the others, save that of Farm Cornin, are to take effect upon the appointment of their successors. Cornin is dated to become effective August 31.

Judge Ashford stated that this is not taken as an interpretation that a wholesale change is to be made. He felt, however, that since these officers hold their positions through the first judge, their appointment should date from the incumbency of the new judge rather than that of his predecessor; he stated that he held himself free to reappoint any of the present men or to select new ones where he might see fit to do so.

When the places will be filled, the court gave no intimation.

MISS CARRIE CHANDLER of New York City is a recent arrival in Honolulu and has taken up the duties of general secretary of the local Young Women's Christian Association, filling the vacancy left by the recent resignation of Miss Esther M. Erickson. Prior to coming to Honolulu, Miss Chandler was engaged in association work.
